DuPage County Adopt-a- Stream Program

Sponsored by the
DuPage County Stormwater
Management Division

What is Adopt-a-Stream?

The DuPage County Adopt-a-Stream Program is available to citizens and volunteer groups who want to work together to keep our streams clean and attractive by removing debris and trash in and along our waterways, planting vegetation, and/or by monitoring the quality of the water.

How Does It Work?

Groups select a section of stream and go out twice a year on their own to remove litter from the stream and along the over-banks.

The Stormwater Management Division will provide technical support, trash bags and collection, stream safety education and guidance to help you coordinate your group's efforts.

The Division will also provide Adopt-a-Stream signs at appropriate locations with your group's name listed to acknowledge your volunteer group's service.

What Does It Do?

Adopt-a-Stream is a great way for your group to show your dedication to preserving our environment for future generations of DuPage County residents. It will:

- ✓ Help to improve water flow through the county and reduce the potential for localized flooding.
- ✓ Enhance the stream corridor and improve the habitat for fish and wildlife.
- ✓ Make stream corridors more attractive for recreational activities.
- ✓ Provide a popular and constructive activity for your community service-minded group.

Enhance your group's image by participating in a program that will directly enhance the aesthetic value and quality of life in the surrounding community!

How Do We Get Started?

Simply send in the attached coupon. For more information, please contact the DuPage County Stormwater Management Division at (630) 407-6700

We would like to enroll in the Adopt-a-Stream Program and clean up a section of stream in our community. The information about our project and our contact person is below:

Organization: _____ Telephone: (____) _____

Contact Person: _____ Community/Town: _____

Address: _____ Name of stream/tributary: _____

City, State, ZIP: _____ From: _____ To: _____

Our organization would like to adopt a stream, but we have not selected a site. Please contact us with suggestions.

I'm unable to participate, but I have a suggestion for an area in need of adoption.
