Subsidized Housing

Subsidized Senior Apartments – Subsidized housing is provided in two ways: through a project-based subsidy (Section 236), or a voucher program (Section 8). These are federally funded programs that assist low-income adults find affordable housing. The amount you will pay for rent in both cases is calculated at approximately 30% of your gross income with some consideration for medical expenses. Apartments are generally open to seniors and sometimes adults with disabilities.

Project-based subsidies are available through the management offices of specific complexes. You must apply directly to the apartment building that you are interested in. The subsidy remains with the building and cannot be transferred. The **voucher program** is offered to individuals through the DuPage Housing Authority. Once a voucher is obtained, it is transferable from one approved location to another and is renewable annually. There is typically a waiting list. For more information, please call the **DuPage Housing Authority** at **(630) 690-3555**.
