**Narratives****Areas of Greatest Need:**

Areas have been identified by cross referencing data detailing foreclosure and pre-foreclosure activity with HUD's foreclosure and abandonment risk score data. Census tracts have been identified by foreclosure activity, pre-foreclosure activity and significant numbers of subprime mortgages.

**Distribution and and Uses of Funds:**

The HERA act (Sec 2301 (c)(2)) requires that funds be distributed to the areas of greatest need based on the three stipulated needs categories as follows: 1.) Areas with greatest percentage of home foreclosures; homes will be purchased, rehabbed, resold and rented. 2.) Area with the highest percentage of homes financed by a subprime mortgage related loan, will also be purchased, rehabbed, resold and rented. 3.) Area likely to face a significant rise in the rate of home foreclosures, but since NSP funds cannot be used to prevent foreclosures, these areas will be closely monitored by DuPage County for continued foreclosure activity.

**Definitions and Descriptions:**

A structure that is "blighted" refers to a.) being abandoned, b.) meets DuPage County's definition of an "Unsafe Structure" under the 2007 Building Code. "Affordable rents" shall mean the Maximum Allowable High HOME Rents published by HUD. Rents include utilities and if the tenant pays the utilities, an allowance must be subtracted from the maximum allowable rent and determines the maximum contract rent. "Continued affordability" shall be in accordance with the HOME program standards at 24 CFR 92.252(a), (c), (e) and (f) for rentals and 24 CFR 92.254 for homeownership housing.

**Low Income Targeting:**

Funds will be used to purchase and redevelop abandoned or foreclosed homes for housing individuals or families whose incomes do not exceed 50% of area median. The amount is \$1,300,000, which represents 25% of the DuPage County allocation. This number will rise as program income is received and 25% will also be allocated.

**Acquisition and Relocation:**

DuPage County does not intend to demolish or convert any low and moderate income dwelling units. Should it become necessary, to undertake demolition, DuPage offers the following information: Four units can reasonably expected to be demolished. Seven units are intended to be produced under the rental activity program. These units are expected to be available to households whose income does not exceed 50% of are median income.

**Public Comment:**

Public Hearing held November 5, 2008. Three issues arose. 1.) Utilizing NSP funds for the disabled. County explained that funds were neighborhood driven and not population driven. 2.) Leveraging through FHA 203(k) program would produce a greater number of units. County would look into this issue and 3.) The role of the DuPage Housing Authority in assisting the County. They expressed their interest and are already working toward making below market financing available through bond proceeds.
