

# DU PAGE COUNTY SENIOR SERVICES

DuPage County Senior Services assists persons 60 and older to maintain their independence. The Illinois Department on Aging has selected Senior Services as the Case Coordination Unit for DuPage County. In addition to this directory, our unit also publishes a resource directory Age Well DuPage and a Long-Term Care Facilities booklet. These resources can also be viewed online at [www.dupageco.org/seniorsvcs](http://www.dupageco.org/seniorsvcs).

The following describes our various services and programs:

**Information and Assistance:** Resources and referral information are provided to seniors and their families regarding services and benefits available. Assessment and linkage with appropriate resources are provided via phone or home visit.

**Community Care Program:** Provides subsidized homemaker, money management, adult day care and emergency home response services to eligible seniors.

**Comprehensive Care Coordination:** Offers complete in-home assessments to determine the needs of individuals requesting assistance and facilitates appropriate services. Follow-up, monitoring and case management are provided by professional care coordinators.

**Home Delivered Meals:** Processes intakes and provides assessments for homebound seniors who are unable to prepare meals or visit a congregate meal site because of an illness or disability. Eligible seniors can receive a nutritious, hot meal.

**Adult Protective Services:** Responds to all reports of abuse, neglect, and exploitation, for disabled adults age 18-59, and all persons age 60 and over. Works to resolve the abusive situation.

**Long-Term Care Ombudsman Program:** Offers assistance and advocacy to, or on behalf of, residents aged 60 and over who reside in a long-term care facility, licensed assisted living or supportive living facility.

**Choices for Care Screenings:** Consults with nursing facility applicants to explore their options for long term care. An assessment of needs is completed. Information on alternative home and community-based services is provided to prevent premature nursing facility placement.

**Family Caregiver Support Program:** Provides information and assistance, respite services, emergency support and legal assistance to caregivers of older persons and grandparents raising grandchildren.

**Money Management:** A volunteer based program, assists seniors paying bills, balancing checkbooks, making a budget or negotiating with a creditor. Eligibility guidelines apply.

For more information on these and other services, contact  
**DuPage County Senior Services at (630) 407-6500, or Toll-Free 1-800-942-9412.**

## Where To Begin?

There are more and more housing options available to older adults residing in the DuPage County area. Selecting the most appropriate housing arrangement can be a challenging and critical decision. It is very important to begin your search with an accurate understanding of your current abilities and needs with consideration for how these needs may change with age. The goal is to select affordable housing that will provide the right balance of independence and support.

If you are unsure of the type of housing that would be most appropriate, a care coordinator can complete an assessment and provide guidance in the housing selection process. This is a service available to you through the DuPage County Senior Services' Choices for Care Program, as well as through private case management agencies.

We have categorized the available options under the following titles: **Subsidized Housing**, offering reduced rents, ...**Shared Housing**, family-style group homes located in neighborhood areas of DuPage County, ...**Supportive Living**, subsidized housing with comprehensive services...**Independent-Assisted Living**, complexes that offer varying levels of support up to, but not including, skilled nursing care ...**Continuing Care Retirement Communities**, providing a place to live with graduated support for as long as you live, including skilled nursing care.

### Additional Housing Information and Assistance

- A Long-Term Care Facilities booklet for nursing homes is also available upon request.
- Emergency rental assistance is also available to those who qualify.

If you have questions or need additional information on housing resources, please call **DuPage County Senior Services** at **(630) 407-6500**, or toll free **1-800-942-9412** or any of the facilities listed.

## Subsidized Housing

**Subsidized Senior Apartments** – Subsidized housing is provided in two ways, through a project-based subsidy or through a voucher program. These are both federally funded programs that assist low income people afford decent rental housing. The amount you will pay for rent in both cases is calculated at approximately 30% of your gross income with some consideration for medical expenses as well.

The voucher program (Section 8) is offered to individuals through the DuPage Housing Authority. The application and enrollment procedures are lengthy. Once a voucher is obtained, however, it is transferable from one approved location to another and is renewable annually. Most times the waiting list for these vouchers is so long that the list is temporarily closed. For more information, please call the **DuPage Housing Authority at (630) 690-3555**.

Project-based subsidies (Section 236) are available through the management offices of specific complexes. You must apply directly to the apartment building that you are interested in. The waiting list for these can be lengthy as well but we encourage you to apply even if you don't think you can wait that long. The subsidy remains with the building and cannot be transferred. Below is a list of complexes in DuPage County offering subsidized units to seniors. The information contained is subject to change and we suggest you contact the individual management offices for current status.

## Supportive Living Facilities (SLF) In and Around DuPage

SLF living offers the frail and elderly a “housing with services” option not previously available for Medicaid-eligible individuals. It is an attractive alternative to traditional nursing facility care that integrates subsidized housing and support services. Medicaid reimburses for an array of services, including meals, personal care, homemaking, laundry, medication supervision, social activities, recreating and 24-hour, on-site staff to meet residents’ scheduled and unscheduled needs.

The Supportive Living Program is open to any resident:

- 65 or older, who undergoes pre-admission screening and demonstrates appropriate need for care;
- Has income no less than the current allowable amount of Supplemental Security Income. (In 2017, \$735 for an individual)
- Without a primary or secondary diagnosis of mental illness or developmental disability;
