# LONG-TERM CARE FACILITIES

**PLACEMENT IN A LONG-TERM CARE FACILITY** may be the only option available when the needs of an older adult can no longer be met by family, friends or community services. Decisions regarding placement should be made with care to ensure the best interests of the prospective resident.

**SELECTING AN APPROPRIATE FACILITY** requires thorough research. Whenever possible, the prospective resident should be involved in the decision making process. Visit several facilities informally to identify those that have characteristics you consider important.

Annual surveys of individual facilities can be viewed on the Illinois Department of Public Health Website at [www.idph.state.il.us](http://www.idph.state.il.us). For detailed information about the performance of every Medicare and Medicaid certified long-term care facility, go to [www.medicare.gov/NHCompare](http://www.medicare.gov/NHCompare). Then schedule an appointment with the administrator or the director of admissions at the facilities being considered.

**FOLLOWING PLACEMENT**, family and friends should visit frequently and remain involved in the resident's care. If concerns and/or complaints arise, a referral can be made to the Illinois Department of Public Health and/or the Long-Term Care Ombudsman Program (listed near the end of this document).

## CHOICES FOR CARE

**ALL LONG-TERM CARE FACILITY APPLICANTS**, regardless of payment method, must have a pre-admission screening completed before they can be admitted. (Public Act 89-0021). This is a comprehensive assessment by a professional case manager to determine the appropriateness of placement, discuss eligibility for Medicaid and provide information on alternative home and community-based services. The assessment measures a person's functional ability, as well as current support from family, friends and other sources.

Screenings are completed in the hospital prior to discharge or in the home of a prospective client. All long-term care facility applicants retain the right to choose long-term care facility admission, even if it is not recommended.

The role of the ombudsman is to respond to questions, concerns and complaints that involve people age 60 and over who live in long-term care facilities, and to advocate on their behalf. Information is also provided to residents and their family members on resident rights, nursing facility care, admissions contracts, Medicare and Medicaid.

IDPH assures that long-term care facilities meet the licensing requirements of the state and that they comply with federal and state rules and regulations. Facilities must pass an annual certification survey. Annual surveys can be viewed at [www.idph.state.il.us](http://www.idph.state.il.us).

IDPH is required to investigate all complaints they receive against long-term care facilities. Complaints may be filed in person, in writing, by email at [dph.ccr@illinois.gov](mailto:dph.ccr@illinois.gov), or by calling the toll-free Nursing Home Hotline at 1-800-252-4343.

This organization is a private not-for-profit legal advocacy organization. It is designated by the Governor to operate the federally mandated Protection and Advocacy System (P&A).

It safeguards the rights of people with all disabilities regardless of age, in a long-term care facility.

Provides self-advocacy assistance, legal services, disability rights education, public policy advocacy and conducts abuse investigations.

# CHOOSING A LONG-TERM CARE FACILITY

## WHEN CHOOSING A LONG-TERM CARE FACILITY, SCHEDULE A TOUR, THEN ASK THE FOLLOWING QUESTIONS:

Is the home licensed by the state, and when was the last licensing survey completed?

Ask to see a copy of the most current report.

What services are covered by the monthly rate?

What charges may be covered by Medicare, Medicaid, and/or private insurance?

Would there be a problem transferring from Private Pay to Medicaid in the future?

Does the nursing facility have a limited number of beds that are Medicaid only?

How are residents' medical needs met?

Does the nursing facility have an arrangement with a local hospital to handle emergencies?

What are policies regarding access to medical records and discharge?

Are special diets accommodated?

Can meals be sampled?

Are guests accommodated?

Does the facility have a safe environment?

Are there call lights and grab bars in bathrooms and bedsides, automatic sprinkler system for fire, and clearly marked fire exits?

Is the home free of unpleasant odors?

Are the grounds inside the facility maintained, ex: clean floors, carpeting, windows?

Does the staff treat residents with kindness, courtesy and respect?

Does the staff interact with residents?

Are provisions made for residents who speak a foreign language?

Do the residents look well groomed?

Are both individual and group activities scheduled?

Is a copy of the monthly activity calendar visible?

What are the visiting hours?

Are they convenient to prospective visitors?

Are residents given privacy?

Are residents allowed to keep some personal belongings?

*Make one or two unannounced visits.*

*If possible, discuss with current residents how satisfied they are.*

## LEVELS OF CARE

### SKILLED CARE

Skilled Nursing Facilities provide 24-hour patient care including medical, nursing, dietary, pharmaceutical and rehabilitative services. This level of care comes closest to hospital care. Medicaid will pay for eligible residents in a certified facility. Medicare may pay for a limited stay for rehabilitation services, depending upon a patient's diagnosis and prognosis.

### INTERMEDIATE CARE

Intermediate Care Facilities provide in-patient care for residents who need nursing supervision and supportive services, but who do not require continuous nursing care. Individuals with relatively stabilized long-term illnesses or disabilities, including mental illnesses, are appropriate for this level of care. Medicaid pays for qualified recipients in an Intermediate Care Facility.

### SHELTERED CARE

Sheltered Care Facilities provide a supervised setting for individuals who need a protective environment. Residents do not require nursing care, but need assistance with meals, dressing, walking and personal care. Periodic medical exams and other medical services are provided when needed. Medicare and Medicaid will not pay for this level of care.

## YOU HAVE RIGHTS AS A RESIDENT IN A LONG-TERM CARE FACILITY

You have the right to safety and good care.

You have the right to privacy.

You have personal property rights.

You have rights as a citizen and a facility resident.

You have the right to participate in your own care, and care planning.

You have rights regarding your money.

You have rights in paying for your care, and receiving Medicare and Medicaid.
