

Native Plant Nursery List

*Please note, some of these companies may also sell non-native and ornamental varieties that are not native to this region. If you are planting as part of a DuPage County Stormwater Permit requirement, true native vegetation should be planted. In addition, we encourage any wetland, buffer, or riparian environment to be planted with native vegetation. When purchasing plants, please specify that you are looking for vegetation native to northern Illinois. Updated March 2019

This list is provided as an aid to anyone seeking native plant stock. The inclusion of firms on this list does not constitute a recommendation, endorsement, or certification of their qualifications or performance record, nor does the absence of a firm from the list constitute a negative endorsement. DuPage County has made no attempt to verify the credentials of these firms. It is the responsibility of consultants to be knowledgeable of the professional qualifications necessary to provide such services and to obtain the requisite expertise. Those seeking professional services are advised to use independent judgment in evaluating the credentials of any firm appearing on this list
