Re: Wetland Determination for Urban Stream Research Center- Areas 1 and 2

Dear Ms. Ruthko:

DuPage County Division of Environmental Concerns (DEC) has completed your request for a wetland determination on the above referenced parcel. On September 2, 2008 a field investigation was performed in accordance with the 1987 United States Army Corps of Engineers Wetland Delineation Manual. It was determined that there are no jurisdictional wetlands within the limits of areas 1 and 2 as identified on the attached exhibit. However, wetlands were identified off-site and their buffers may occur within the limits of the proposed project.

Please note, this determination was completed under current regulations and utilizing available materials. Should wetland regulations change or a wetland area form on site after a period of 2 years this notice will become invalid.

If you have any further questions feel free to contact me at 630-407-6728.

Sincerely,

A handwritten signature in cursive script that reads "Jenna Fahey".

Jenna Fahey
Wetland Specialist
