

# SOLARIZE

## CHICAGOLAND

### Thinking About Going Solar?

**Did you know?** - In Illinois homeowners can cover up to 60% of the cost of going solar through state and federal incentives!

Throughout the Spring and Summer the Citizens Utility Board will be hosting 50+ free solar educational events as part of **Solarize Chicagoland**. Solarize Chicagoland is a grassroots community education program. We aim to empower consumers to make informed choices regarding solar energy for their homes, and make solar more accessible.

We will be hosting Solar Power Hours in Cook, DuPage, Kane, and Will Counties. You'll learn about the basics of solar & its financial implications for your household.
