

Debt Service and Long Term Financing

This section provides information on DuPage County Government's current bonded debt profile, a summary annual debt service requirements and funding sources for debt. Future debt service requirements for specific bond issues are also displayed.

In October 2013, Standard and Poor's affirmed the County's AAA rating for its general obligation bonds. The outlook is stable. In September 2012, Fitch affirmed the County's \$161.8 million of unlimited tax general obligation bonds at AAA, and \$47.87 million of limited tax general obligation bonds at AAA. The rating outlook was stable. The County maintains a Aaa bond rating, affirmed in August 2011 by Moody's, for the issuance of \$5.340 million in general obligation alternate revenue source bonds.

The County is part of an exclusive group of counties in the country rated Triple-A by all three rating agencies. These counties make up one percent of the total counties in the country.

In late fiscal year 2012, the DuPage County Public Works Department issued \$1.8M of bonds for Special Service Area #35 and \$1.5M of bond for Special Service Area #38. These issuances were to help finance water system improvements in the respective SSAs. The SSA bonds will be paid from real estate taxes levied in the respective special service areas. Both special service area issues were Bank Qualified, which carry lower interest rates than the non-bank qualified bonds. Neither of the bond issues were rated. The funding for the remainder of the expense associated with the completion of the special service areas was secured by a low interest loan from the Illinois Environmental Protection Agency. The loan will be paid from real estate taxes levied in the respective special service areas.

Legal Debt Margin Information

State statutes limit the County's outstanding general obligation debt to no more than 5.75% of the assessed value of property. The legal debt margin is the County's available borrowing authority under State finance statutes and is calculated by subtracting the total debt applicable to the legal debt limit from the debt limit.

As of November 30, 2012:

Assessed Value for Tax Levy Year 2012	\$34,663,102,323
Debt Limit – 5.75% of assessed value	\$ 1,993,128,384
Debt applicable to limit: General Obligation Limited Tax (Courthouse) Bonds	\$ 46,510,000
Legal Debt Margin	\$ 1,946,618,384
Total debt applicable to debt limit as a percentage of debt limit	2.33%

DuPage County General Government Bonded Debt Profile 5-Year Summary

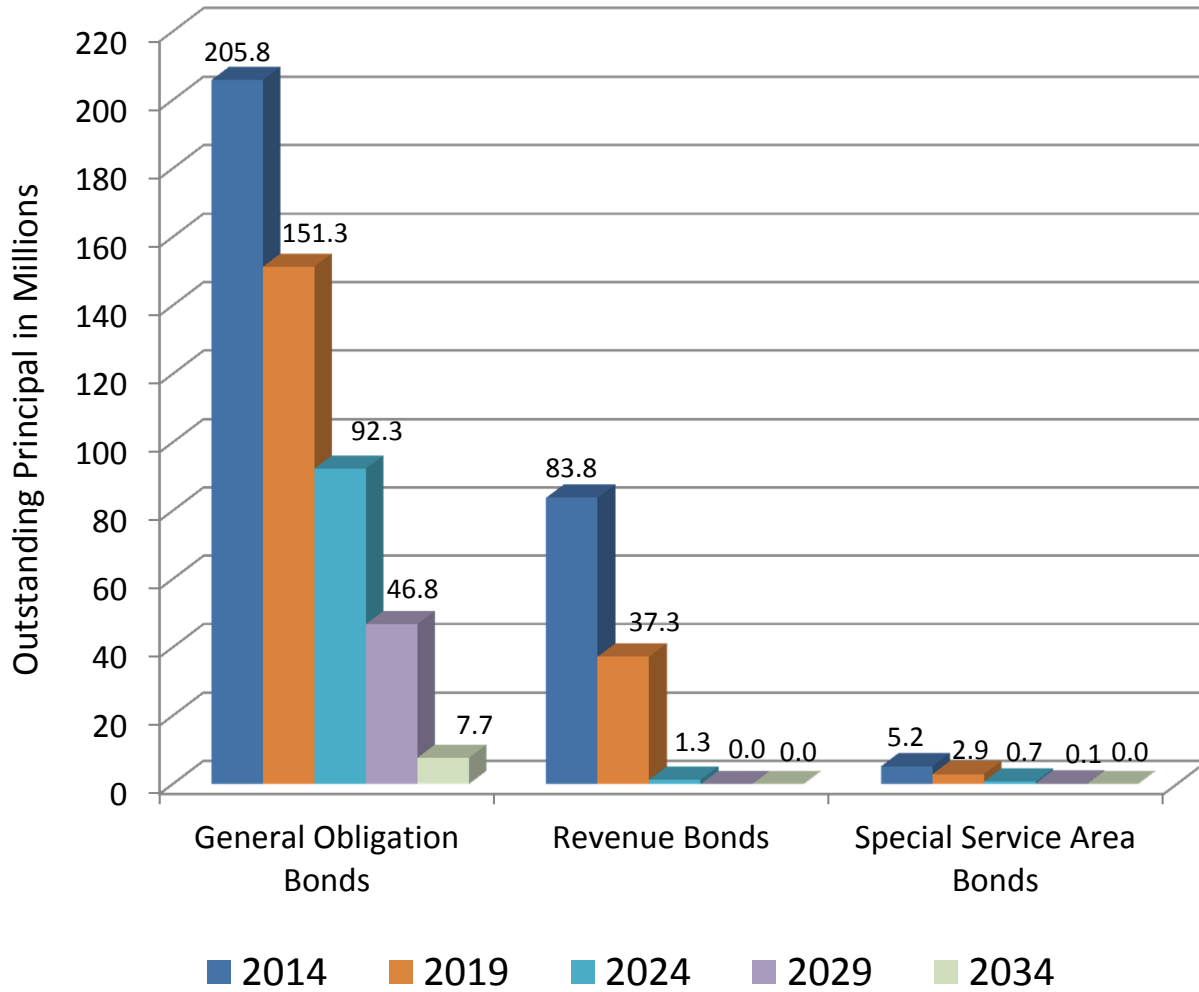

General Obligation Bonds consist of: Limited Tax Courthouse Bonds payable from a levy of real estate taxes on all taxable property of the County; and Alternate Revenue Source Bonds consisting of: Jail, Stormwater, Drainage, and mixed-use Recovery Zone Economic Development/Build America project bond issues. The Alternate Revenue Source bond issues are payable from pledged revenues of sales taxes, stormwater taxes, and any other lawfully available funds of the County. For this chart, Special Service Area #34 bonds of \$1.8 million, which are general obligation, are displayed with Special Service Area Bonds.

Revenue Bonds consists of Transportation (MFT) Bonds which are payable from monthly motor fuel tax distributions from the State of Illinois and Water and Sewerage System Bonds which are paid from water and sewer system revenues.

Special Service Area Bonds are payable from a levy of taxes against all the taxable real property within the special service area. Special Service Area #34 bonds with a total outstanding amount ranging from \$1.6 million in 2014 to \$1.2 million in 2018 are general obligation bonds but are displayed on this schedule as special service area bonds.

DuPage County Revenue Bonds Annual Debt Service Requirements Principal and Interest

DuPage County General Government General Obligation Limited Tax and Alternate Revenue Bonds Annual Debt Service Requirements Principal and Interest

Note: The Economic Development bonds annual debt service requirements are displayed as gross debt service payments. Because this bond issue is compiled of Recovery Zone Economic Development Bonds and Build America Bonds, a federal interest subsidy of 45 and 35 percent respectively is expected to be received by the County after semi-annual payments are made. Over the life of the bonds, total gross debt service paid by the County will be \$130.8M with \$28.3M expected as federal subsidy, resulting in total net debt service of \$102.5M. Due to the federal sequestration, in Fiscal year 2013, the federal subsidy to the County was over \$91 thousand less than expected.

DuPage County Bonded Debt Sources of Payment and Budgeting Structure

- Jail Expansion Bonds are paid from a pledge of sales tax revenue. Sales taxes are collected in the General Fund. Each year a transfer is made out of the General Fund to the corresponding debt service fund for annual debt service payments. Annual debt service is budgeted for in the respective Jail Bond Debt Service Funds.
- Stormwater Bonds are paid from a pledge of stormwater tax revenue. Stormwater taxes are collected in the Stormwater Fund. Each year a transfer is made out of the Stormwater Fund to the corresponding debt service funds for annual debt service payments. Annual debt service is budgeted for in the respective Stormwater Bond Debt Service Funds.
- Drainage Project Bonds, both the 2005 and 2011 issues, are paid from a pledge of sales tax revenue. Sales taxes are collected by the County Treasurer. Per bond ordinances, the Treasurer transfers a fixed amount to the corresponding debt service funds on a monthly basis for annual debt service payments. The net sales tax revenues are then transferred to the General Fund. Annual debt service is budgeted for in the respective Drainage Bond Debt Service Funds.
- Courthouse Bonds are paid from a portion of real estate tax revenue. Real estate taxes are collected and remitted to a trustee - U.S. Bank. As trustee for semi-annual debt payments, U.S. Bank is custodian of the corresponding debt service fund.
- Transportation (MFT) Bonds are paid from a pledge of State Motor Fuel Taxes remitted to the County on a monthly basis. A backup pledge of Local Gas Tax revenues are also included if State Motor Fuel Tax revenues are insufficient. These revenues are collected and remitted to a trustee - U.S. Bank. As trustee for semi-annual debt payments, U.S. Bank is custodian of the corresponding debt service fund.
- Water and Sewerage System Bonds are paid from revenues held or collected from ownership and operation of the water and sewage system. These revenues are periodically transferred to the debt service funds for semi-annual debt service payments. This activity is accounted and budgeted for in the County's Public Works Department which is an Enterprise Fund of the County.
- Recovery Zone Economic Development Bonds and Build America Bonds are paid from a pledge of sales tax revenue. Sales taxes are collected in the General Fund. Each year a transfer is made out of the General Fund to the corresponding debt service fund for annual debt service payments. Annual debt service is budgeted for in the 2010 G.O. Alternate Revenue Bond Debt Service Fund.

DuPage County

Bonded Debt Ratings and Recent Transactions

DEBT RATINGS

DuPage County has maintained its tax-exempt “Triple A” bond rating from three investor’s services. The “Triple A” status is the investment community’s highest recognition of the County’s financial performance and integrity. The designations are:

Standard and Poor’s – AAA
Fitch – AAA
Moody’s – Aaa

Included in the rationale for the County’s “Triple A” ratings across the board, the rating agencies have cited sound financial performance coupled with ample General Fund balances. Also, the County has a substantial, diversified and comparatively stable tax base, well managed financial operations, and a favorable debt profile with limited future borrowing needs. A strong and diverse economy that is enhanced by its participation in the deep and diverse Chicago metropolitan area economy, very strong wealth and income levels, very healthy reserves, and a low overall debt burden are key factors to the County’s “Triple A” ratings. DuPage County is part of a select group of one percent of the counties in the country that have a “Triple A” bond rating by all three rating agencies. This rating has historically allowed DuPage County to sell bonds at interest rates that provide substantial debt service savings over the life of the bonds.

Refunding savings are greater for a “Triple A” issuer because costs of refunding will be smaller and subsequent savings larger. The following are recent debt issuances and refundings in which the County’s “Triple A” ratings enabled greater savings and a resulting financial flexibility to the County:

BONDED DEBT RECENT TRANSACTIONS

In November 2013, the County issued \$3.5 million of special service area bonds to refund the remaining SSA #19, SSA #25, and SSA #26 bonds. The aggregate savings to taxpayers in those SSA is \$220 thousand over nine years; the net present value savings is \$188 thousand. These bonds were not rated.

In January 2013, the County made its final debt payments on the 2002 Jail Refunding Bonds and the 2002 Stormwater Refunding Bonds. Over the next five years, the County will pay down \$55 million of general obligation bond principal, and \$47 million of revenue bond principal.

DuPage County Bonded Debt Ratings and Recent Transactions (continued)

In December 2012, the County issued \$1.805 million and \$1.500 million of bonds for Special Service Area #35 and Special Service Area #38 respectively. Bond proceeds will be used to construct new public water systems. An EPA loan in the amount of \$3.2 million was also secured to partially fund the Special Service Area #35 and Special Service Area #37 water system projects.

In April 2012, the County issued \$2.445 million dollars of AA+ rated Waterworks and Sewerage Project Net Revenue First Lien Bonds, Series 2012. These bonds were issued to allow the County to liquidate a variable-rate debt of \$2.562 million dollars owed to the DuPage County Water Commission. This transaction reduced the payment term for the County from twelve years to ten years and will garner a savings of almost \$300 thousand. Further savings were acquired by the County within the overall bond issuance costs.

In August 2011, the County issued \$5.340 million dollars of Aaa rated General Obligation Refunding Bonds (Alternate Revenue Source) Series 2011 to refund remaining Series 2001 General Obligation (Alternate) Bonds. The gross savings of almost \$900 thousand dollars can be used to fund various drainage projects throughout the County or for other general purposes.

In October 2010, the County issued \$67.050 million dollars of taxable General Obligation Alternate Revenue Recovery Zone Economic Development and Build America Bonds. These bonds provided \$66.300 million dollars for the purpose of financing a portion of costs of the acquisition, construction, and installation of various public improvement projects throughout the County. These public improvement projects include: flood relief projects, transportation projects, jail and courthouse improvements, the Convalescent Center kitchen, campus emergency generators, and IT infrastructure upgrades.

In January 2009, the County issued \$1.855 million dollars of Aaa rated Special Service Area Bonds. These bonds are General Obligation Limited Tax Certificates of Indebtedness. These were issued for the purpose of paying for the acquisition, construction, and operation and maintenance of a water supply system for the residents living in the DuPage Special Service Area #34. This "Triple A" rated issuance as compared to a traditional non-rated special service area bond issuance, has resulted in a reduced interest rate and savings to the taxpayers of this special service area.

In July 2008, the County issued \$16.500 million dollars of Water and Sewerage Project and Refunding Net Revenue Bonds. This issuance advance refunded \$1.425 million dollars of 2003B Taxable Water and Sewerage System Revenue Bonds. It has also provided \$14.965 million dollars in proceeds to be used for the acquisition, construction, and improvement of the waterworks and sewerage systems of the County. At the time of issuance, Fitch had rated the first lien bonds AA+. In 2010 Fitch recalibrated their ratings and the first lien bonds were upgraded to a rating of AAA. In January 2013, Fitch affirmed the AAA rating for the 2008A first lien bonds and a rating of AA+ for the 2008B second lien bonds.

DuPage County Bonded Debt Ratings and Recent Transactions (continued)

In October 2006, the County issued \$17.185 million dollars of Alternate Revenue Source Stormwater Project Bonds. This issuance advance refunded \$15.900 million dollars of 2001 Alternate Revenue Source Stormwater Project Bonds. This refunding will save the County nearly \$477 thousand dollars over the life of the bonds, of which \$430 thousand will occur in the first year.

In February 2006, the County issued \$54.195 million dollars of Limited Tax General Obligation Courthouse Project Bonds for the purpose of advance refunding all of its outstanding \$51.925 million aggregate principal amount of Limited Tax General Obligation Bonds (Courthouse Project) – Series 2001. This transaction allowed the County to decrease its 2006 tax levy (collected in 2007) by over \$1 million dollars, a savings to taxpayers. This has also secured \$2.0 million dollars of proceeds to be used for courthouse improvements.

In May 2005, the County issued \$17.025 million dollars of Alternate Revenue Source Drainage Project Refunding Bonds. This issuance advance refunded \$15.710 million dollars of 2001 Drainage Project Alternate Revenue Bonds. The transaction was undertaken to reduce total debt service payments by almost \$500 thousand over the life of the bonds. This also resulted in over \$600 thousand to be used for drainage related projects in the County.

In April 2005, the County issued \$85.630 million dollars of Transportation Refunding Bonds. This issuance advance refunded \$83.070 million dollars of the 2001 Motor Fuel Tax Bonds. This refunding will reduce total debt service payments over the life of the bonds by \$4.4 million dollars.
