 3. Departments shall jointly develop guidelines for the qualifications-based selection of engineering, architectural and land surveying services in accordance with 50 ILCS 510, taking into consideration the specific criteria noted in (1) and (2) above, and present to their respective parent committees.
- b) Other Professional Services. These services are provided on the basis of defined services to be rendered, by individuals or organizations, relative to policy, organizational, operational or administrative aspects of government, including recommendations, and the potential to assist in implementing recommendations (i.e., strategic planning, operational management, management information systems, human resources).
1. The using department shall prepare a Decision Memo for review and approval for the purposes of contractual award. For Professional Services (exempted) where the contract is expected to exceed \$250,000, department staff will seek Parent Committee direction as to the method of vendor selection to be utilized.
 2. For procurement of services otherwise deemed exempted from bid. Expiring procurement of services *or* goods which have been held continuously by the same vendor for a period of at least three years, whether through multiple year contracts or annual contracts which have been renewed, shall be brought to their respective parent committees to seek direction as to the method of vendor selection to be utilized. Staff shall bring such procurements forward in a timely fashion, but no later than six months before the end of the current contract period, in order to allow for parent committee input. Such input shall include the form of competitive vetting to be employed.
- (2) Performance Criteria. Upon completion of each contract of an amount equal to or greater than \$25,000, the department involved shall prepare a written evaluation of the consultant's performance. The details of the evaluation shall be consistent with the cost and complexity of such assignments. For contracts of an amount equal to or greater than \$25,000, the Procurement Services Division will maintain a record of such evaluations for the use of all departments when selecting future professional service/consultants. No consultant shall be awarded subsequent contracts unless the using department has submitted a satisfactory evaluation to the Procurement Services Division.

4-109 GRANT PROGRAMS

- (1) Under certain Grant Programs the County acts as a third-party administrator of local, state and federal funds and does not procure goods and services for the County. The processing of a grant requisition is done to facilitate the method of payment and does

not require any of the normal procurement procedures or approvals under this ordinance.

- (2) The County has determined that the provision of weatherization services under the State grant program is not suitable for competitive bidding as described in 55 ILCS 5/5-1021. Vendors to be called for such services under a grant from the State of Illinois Emergency Weatherization Program may be selected by an alternative negotiated fixed bid process rather than competitive bidding, provided that all guidelines promulgated by the State for such alternative process are followed. Notwithstanding the title “Illinois Emergency Weatherization Program”, payments under this program are not deemed an emergency for purposes of this ordinance.

4-110 CIRCUMSTANCE NOT SUITABLE FOR BID

- (1) The following types of procurements are determined by the County Board to be not suitable for competitive bidding as defined in 55 ILCS 5/5-1022(c): purchases of used equipment, purchases at auction, purchases under 4-109, purchases of regulated utility services or other services for which a tariff or set rates are published; purchases for which there has been a record of no competition, as evidenced by single bids, for three consecutive years.
- (2) Contracts awarded under this section shall have a one-year term, and shall not contain an automatic renewal clause, but must be reviewed annually by Procurement Services Division, for permissive renewal.

Contracts for legal services will be made through a countersigned engagement letter offered by the State’s Attorney, and no contract for legal services shall be made without the approval of the State’s Attorney.

4-112 CREDIT ACCOUNTS

- (1) Where a County department uses a credit account for the purchase of goods, any points, bonuses, “reward miles”, or other benefits earned or accrued by the use of such an account may only be used for the benefit of the County, and may only be used with the approval of the Department of Finance. Personal purchases on credit accounts are prohibited.
- (2) Where a department seeks to establish a credit account after the effective date of this section, the department must seek approval of the account and the account limit from the department’s parent committee of the County Board.

If a bidder, designee or offeror who otherwise would have been awarded a contract is found non-responsible, a written determination of non-responsibility, setting forth the basis of the findings shall be prepared by the using department. In determining responsibility of any bidder, the County may take into account, in addition to financial responsibility, past records of transactions with the bidder, experience, adequacy of equipment and ability to complete performance within a specific time. (For example, the ability to meet the specified completion date in accordance with the specifications.) A detailed explanation shall be sent promptly to the non-responsible bidder or offeror who shall then have 3 days to provide evidence to defeat the determination. The final determination shall be made part of the contract file. The unreasonable failure of a bidder or offeror to promptly supply information in connection with an inquiry with respect to responsibility may be grounds for such determination.

PART C - CONTRACT ADMINISTRATION

4-301 CONTRACT ADMINISTRATION

A contract administration system is designed to ensure that the contractor is performing in accordance with the terms and conditions of the contract. Contract administration results may be utilized by the Chief Procurement Officer for vendor evaluation.

- (1) It is the using department's responsibility to match contract terms and prices with invoices, and to otherwise monitor compliance with the contract terms. The using department is also responsible to determine the imminent need for and to begin processing a change order where appropriate.
- (2) Payment must be identified to an existing contract or purchase order.

All determinations and other written records, notes of telephone conversations and notes for oral conversations pertaining to the solicitation, award and performance of a contract shall be maintained for the County in the procurement records in the Procurement Services Division.
- (2) Contract Audit. The County Auditor shall be entitled to audit the books and records of a contractor or a subcontractor at any tier under any contract or subcontract to the extent that such books, documents, papers, and records are pertinent to the performance of such contract or subcontract. The contractor or subcontractor shall maintain such books and records for a period of three years from the date of final payment. Medicare record retention shall be followed when appropriate.

(1) SMALL PROCUREMENTS

Procurements in an amount of less than \$15,000 may be obtained in a way that it is in the best interest of the County as determined by the Department Head or Elected Official. Contract requirements shall not be artificially divided so as to constitute a small procurement or evade the competitive procurement requirements for amounts equal to or greater than \$15,000 under this section. The Chief Procurement Officer and Chief Financial Officer shall determine when market or operational factors require the combining or dividing of procurements.

(2) COMMITTEE LEVEL PROCUREMENTS

Prior to submission to the Purchasing Division, all requisitions shall be signed by the department head or authorized signatory. The purchase or contract of any item, combination of items, or contractual service which price equals or exceeds \$15,000 but less than County Board Level shall be submitted to the Procurement Services Division for review by the using department prior to presentation to Committee. Note: Appropriate bidding or Decision Memo procedures must also be followed. The Chief Procurement Officer is authorized to sign any contract or agreement, once approved by the Committee, and after receipt of all the contractually required documentation.

(3) BOARD LEVEL PROCUREMENTS

Prior to submission to the Procurement Services Division, all requisitions shall be signed by the department head or authorized signature. The purchase or contract of any item, combination of items, or contractual service which price equals or exceeds County Board Level shall be submitted to the Procurement Services Division for review prior to presentation for approval by the Committee, and any other approvals as defined in the County Board Rules and the County Board, and shall be covered by a Purchase Order. Note: appropriate bidding or Decision Memo procedures must also be followed. The Chief Procurement Officer may be authorized to sign any contract or agreement, after receipt of all contractually required documentation, if authority has been granted within the Resolution.

FISCAL RESPONSIBILITY

Prior to the issuance of any purchase order, contract, change order or contract modification, the Finance Department shall certify that sufficient budgeted funds are available.

LEGAL REVIEW OF CONTRACTS

Prior to award, the Chief Procurement Officer may request the State's Attorney to review a contract that is not in a standard form. This review shall not be required when the form and content of the contract documents has previously been approved by the State's Attorney.

CHANGE ORDERS AND CONTRACT MODIFICATIONS

- (1) All change orders and contract modifications except those under section (4) will be presented in advance to the Procurement Services Division. If no further approval is required, as described below, the Procurement Services Division will continue the processing of necessary documentation.

 - (ii) there is a price increase of no more than 10% of the initial price.

 - c) where Parent Committee approval was required for the initial contract and the change order materially alters the scope of work to be performed.
- (3) Further approval, by the Parent Committee and the County Board, is required before further processing occurs in the following cases:
 - a) where Department Head approval or Parent Committee approval was required for the initial contract and the change order increases the contract to an amount in excess of Committee Procurement level, and
 - b) where Parent Committee and County Board approval was required for the initial contract and the change order materially alters the scope of work to be performed.
- (4) Where the time required to approve and process a change order necessitated by field

conditions would unreasonably interrupt contract work to the financial detriment of the County, the change order may be processed upon the agreement of the Department Head and Project Manager, subject to ratification by the County Board on the action agenda. The Parent Committee Chair shall be notified of a field condition change order at the earliest possible opportunity.

In the case of Public Works contracts, no change order, including a field condition change order can be made where the total contract value is increased to more than 50% of the initial contract price.
