

### [HMO Specialty Network Change 4.1.2016](#)

Prime Therapeutics has updated its specialty pharmacy network for HMO Illinois and BlueAdvantage HMO<sup>SM</sup> members with pharmacy benefits through BCBSIL. This updated specialty pharmacy network includes pharmacies currently within Prime's retail pharmacy network, but who meet updated terms and conditions. These updated terms and conditions focus on providing a superior member experience, such as being an accredited specialty pharmacy, offering 24/7/365 access to a clinician and care coordination.

**Effective April 1, 2016**, HMO members will need to fill their specialty drug prescriptions at an in-network specialty pharmacy for coverage consideration. If the member does not transfer their prescription to one of these pharmacies, they will be responsible for up to the full cost of the medication.

This network list will be posted on *MyPrime.com* and Blue Access for Members<sup>TM</sup> prior to the effective date. Please see below.
