

# Pre-Adoption Checklist

## Things to know before you adopt:

- You must be 18 years or older
- Your dogs and cats must be current on their rabies vaccination or you must have a letter from your Veterinarian for medical exceptions
- Everyone who lives in the household must be present at the time of the adoption
- If you are adopting a dog and already have a dog...
  - After you complete the application and do an interaction with the dog, we will set up an appointment for a meet and greet between your current pooch and your (hopefully!) new addition to help ensure they'll get along
- Applications must be completed at least 30 minutes before the end of adoption hours to complete an interaction and potentially finalize the adoption
- Our adoptable animals can be put on hold for 1 business day as long as you've completed the application and come to meet and do an interaction with the animal

## What You'll Need to Bring:

- Driver's License with your current address
  - If your license does not have your current address, bring a utility bill (electric, gas, cable, home phone-sorry no cell phone bills) in your name with your current address
- Renters: The name and number of your landlord or property owner
- Townhome/Condos: Your association by-laws showing you can have pets
- Proof of rabies vaccination of other cats/dogs in the home &/or the name and phone number of your veterinarian
